Course Description:
Capstone: Youth Apprenticeship helps students gain work experience while earning a wage with a registered sponsor*. An apprenticeship is designed for students to acquire hands-on job skills in a specific occupational area. Their experience will be gained through a career site and classroom instruction. Students earn high school credit as well as hours towards a registered apprenticeship. At the completion of the high school apprenticeship program, students can continue their apprenticeship to earn a nationally recognized credential. Youth apprenticeship differs from an internship in that apprenticeships guarantee students receive a wage, hours towards a registered apprenticeship and the opportunity to receive a nationally recognized credential at the completion of the registered apprenticeship program.

Program of Study Application
Capstone: Youth Apprenticeship is a capstone experience at the secondary level for students 16 and older. Capstone: Youth Apprenticeship would follow coursework in any career cluster and may precede enrollment in a postsecondary program.

*Businesses must be part of a registered apprenticeship through the U.S. Department of Labor. A list of Registered Sponsors can be found at ApprenticeshipUSA : https://oa.doleta.gov/bat.cfm. Wages are set by business apprenticeship standards. Registered Sponsors have federally approved curriculum specific to the apprenticeship for use in the classroom.

Course Description:

Capstone: Entrepreneurship Experience provides students with the opportunity to develop the skills needed to establish a business. Through hands-on projects, students gain skills to be successful in the workplace. These skills can include, but are not limited to, meeting timelines, making decisions, conducting research, and preparing and making presentations. Students study, research and prepare a business plan that illustrates the practicality of their particular business. Both school and business mentors assist students in the process of developing a business plan. Students present this plan to a panel of community representatives and/or business leaders and are evaluated on the business plan, project portfolio and their presentation.

Program of Study Application

Course Description:

Capstone: Youth internships allow students to gain authentic, real-world experience in business and industry. Students' interests, strengths, and chosen career clusters/pathways determine the internship experience(s). Based on the internship experience(s), students will gain insight to their postsecondary personal learning plan.

Program of Study Application

Capstone: Youth Internship is a capstone experience at the secondary level. Capstone: Youth Internship would follow coursework in any career cluster and may precede enrollment in a postsecondary program.
